

BRADBY HURLED INTO ETERNITY

Second Chief of Pamunkys Run Down by Train.

DID NOT HEED WARNING BLASTS

Dead Man Was Deaf and Ignorant of Approaching Danger—Body Taken Back to Reservation.

Second Chief Riley Bradby of the Pamunkys Indians was struck by a Southern train, near Lester Manor yesterday morning and received injuries which proved fatal, a short time afterwards. He died at the Retreat for the Sick shortly after his admittance, and did not regain consciousness.

His body was taken charge of by Undertaker Christian and prepared for burial. It was sent to the reservation yesterday afternoon.

HOW IT HAPPENED.

Bradby was accompanied to this city by two members of his tribe and they give the following account of the accident: Bradby, who is a man 52 years of age, has been stone deaf for a number of years. He was walking on the Southern track a short distance from Lester Manor and failed to see or hear the train, which was running at a fair speed, could not be checked in time and the man was run down. He was picked up and brought here but he was beyond human aid.

Bradby's injuries consisted of a fractured skull, broken right arm and severe contusions and wounds about the head and body.

DID NOT HEED.

The engineer claims that he sounded the whistle repeatedly but Bradby did not heed it. He could not stop the train in time to avoid the accident.

The train was fairly well under control and was stopped about five car lengths from the point where the man was struck.

MORMON ANNUAL CONFERENCE. The Sect Rapidly Increasing in the Southern States.

The Mormon annual conference of Virginia was held yesterday at Lee Camp Hall. There were a number of leading Elders from the entire South and many from Virginia. The business of the conference and coming years respectively were thoroughly discussed and the plans for the immediate work of the church laid down.

The conference was presided over by Rev. Ben. E. Rich, president of the Southern States territory, which embraces eleven of the Southern States. He is of Idaho, and originally of Utah, but for the present his headquarters are at Chattanooga, Tenn.

Each State is under a State president who directs the work of the elders and whose in turn are under the general supervision of the president of the territory.

It is customary among the Mormons, at each annual conference, to hold several public meetings at which the faith and general belief of the religion are discussed.

Three services were held Sunday. In the morning President Ben. E. Rich and Jos. P. Pulley and Elders Rich and Brown addressed the congregation, which was quite large. In the afternoon President Rich spoke on "Polygamy," and afterwards Elder Pothorinkham preached. At night, sermons were preached by President Rich and Elder George H. Emery.

There are now five hundred Mormon Elders engaged in this mission work, forty-four of whom are laboring in Virginia. Of these latter, two are at work in Richmond, doing street preaching. All of them are without pay. President Rich says that the secretary is gaining from fifteen hundred to two thousand converts each year in Virginia.

HYOMEI ANTISEPTIC SOAP

No Other Soap Manufactured Without a Base of Fats, Grease, and Alkali.

A delightful and surprising experience awaits any one who uses Hyomei Skin Soap. It is so entirely different from soaps made by the old methods, that it is not for the beautiful, creamy lather, which would doubt that they were using soap of any description. There is no soapy smell which always follows the use of the average toilet articles; no overpowering perfume such as is used in the higher grades and which notifies each passerby that you have just taken a bath, or have some skin disease which you are trying to cure with a medicinal soap. Hyomei Skin Soap is Nature's own skin purifier. No artificial means or ingredients are used. No smarting of the eyes or tender skin results from its use. Instead, the skin is thoroughly cleansed and invigorated; all disease germs are destroyed; every pore is opened and all obstructions to perfect circulation removed. The skin soon becomes soft, smooth and free from blemish. In fact, skin diseases of any kind cannot exist where the New Soap is used daily. Send for a free sample cake of Hyomei Soap and no other will ever again be found among your toilet requisites.

Sold by all druggists.

PASTOR'S SOUND NOTE OF WARNING

Mormons Teaching Their Doctrines Here and Elsewhere.

OPPOSED TO SEATING ROBERTS.

Dr. Guthrie May Receive a Call to Baltimore—Dr. Hawthorne's Discourse Sunday Night.

Other Sermons.

The Methodist ministers of Richmond and Manchester held a largely-attended meeting yesterday, at which the following was offered by Rev. Dr. J. Powell Garland, and unanimously adopted:

"Resolved, that as pastors and representatives of a membership of more than eight thousand people in the cities of Richmond and Manchester, we are unalterably opposed to the seating of B. H. Roberts as a member of the United States Congress, and we hereby warn our people against efforts now being made to propagate Mormonism in these cities and elsewhere."

Twenty-Seven Years.

Rev. Dr. J. B. Hulston, of Pine-Street Baptist church, celebrated his twenty-seventh anniversary as pastor of that church.

Pine-Street Baptist church has the largest number of communicants of any church in the city, numbering near 1,400 and there were more than enough present at the services yesterday to fill the church comfortably.

The pulpit was covered with flowers and the chancel was filled in honor of the occasion.

The collection, which was for the special purpose of clearing up the church's indebtedness, amounted to about \$50, but a few hundred dollars short of the amount of indebtedness.

In his report Dr. Hulston stated that only eleven deaths had taken place in the congregation during the year—less than half as many as were reported on the previous anniversary.

At the same time a slight falling off in membership during the year, caused by removals and letters, the church is still in a most prosperous condition and great good is being done in the community. The membership is now 1,250.

Dr. Hulston preached a most excellent sermon from Acts of the apostles, Twenty-sixth chapter, and part of the Twenty-second verse, "Having therefore obtained the help of God, I have continued unto this day."

He spoke of the gracious dealings of the Lord to him in his work since he had been called to this charge and in his work of this his twenty-seventh anniversary.

Want Dr. Guthrie.

The Baltimore Sun of yesterday says: "It was announced at the First Presbyterian church that a meeting of the congregation will be held next Sunday to hear the report of the committee on the election of a pastor. It is expected that the committee will submit the name of some minister upon whom they have agreed. It was reported yesterday among the congregation that Rev. Donald Guthrie, of Richmond, Va., would be recommended by the committee. The committee refused to discuss the report. Messrs. E. H. Perkins, William Reynolds, W. H. Dix, Joseph Bowes, Richard D. Fisher, Harry F. Reid and Daniel C. Gilman compose the committee. The church has been without a pastor for about two years and the pulpit has been filled by supply ministers. The names of several well-known Presbyterian divines were under consideration at various times by the committee."

When Dr. Guthrie was the assistant pastor to Dr. Moses D. Hoge he received a call from the First Presbyterian church of Baltimore. The offer then made him was a house and salary of \$500. The offer that the church has recently made is a house and salary of \$800.

Dr. Guthrie, not having yet received any call, has, of course, nothing to say.

Dr. Hawthorne's Discourse.

Rev. Dr. B. H. Hawthorne preached to a large congregation Sunday night at Grove Avenue church. Dr. Hawthorne has been one of his most powerful and interesting sermons.

His subject was "Throwing Stones from Glass Houses," and his text was taken from St. John, "He that is without sin, let him first cast a stone at her." He said that he had never seen a man who was without sin, and he believed in the common practice of throwing stones at the houses of others.

Among other things, the speaker said: "I know that I am not contributing anything to my popularity among the members of society to which these remarks apply."

"There is a district in a certain city that has won for itself the significant name of 'Hell's Half-Acre.' There isn't a dirty den in that ill-famed district that is as clean as Heaven in comparison with some of the splendid gambling parlors to which some leaders of Richmond society are wont to resort."

A Fair Profit.

Rev. W. B. L. Smith, D. D., preached Sunday morning from the text, "Buy the Truth and Sell it Not." In drawing on mercantile fields for illustrations of his points Dr. Smith incidentally protested against the common practice of beating down merchants on the prices of their goods. He also said he did not like cut-rate stores, because he believed in allowing every man to make a fair profit on their wares.

Choose a Pastor.

At a meeting of the Marshall-Street Christian church, Sunday a committee was appointed from the members of the congregation to assist the officers of the church in the matter of selecting a new pastor.

A mass-meeting of the Methodists of Richmond and Manchester will be held at Broad-Street church on Friday night at 8 o'clock.

Leish-Street Baptist church has opened a kindergarten and have engaged Miss Mabelle Davis, daughter of Professor Noah Davis, as teacher.

NEVER DREAMED That Coffee Caused the Trouble.

"How to stop the use of coffee was a question."

"The doctor told me I had a coffee liver."

"I knew I was a wreck, physically and nervously, but I never dreamed that coffee was the cause of the trouble. I could not drink milk, and tea was as bad for me as coffee."

"Hot water was nauseating. I, therefore, turned to Postum Food Coffee, got a package and made it according to directions and found it just the thing I needed. My husband had no faith in it, so I made coffee for him and Postum for myself. For three years I used Postum, and the change it has wrought is wonderful."

"Instead of being thin, nervous, weak and miserable, I am plump, with clear complexion, pink cheeks, and seem to have the endurance and vitality of a young woman of twenty, although I am twice that age. Husband, after finally asking the change Postum has made, finally asked me not to make coffee for him any more, as he preferred Postum. Myra J. Teller, to our family."

Blade in the Brain.

A negro man had his hand caught in a saw at Seventeenth and Washington streets yesterday morning at 10:45 and had that member terribly lacerated. Dr. Goode, of the ambulance, took twenty-one stitches in the wound and left him.

George Johnson, who was cut several days ago, was operated on by Dr. Goode Sunday night. A portion of the knife blade was found in his head. He is still in a very critical condition.

May Lose Her Eye.

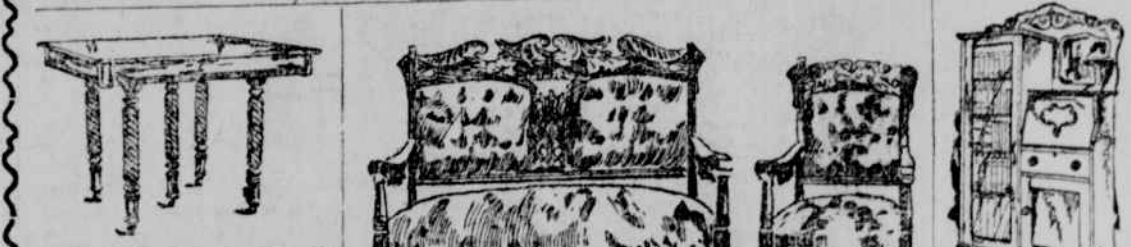

Little Helen Brown, daughter of Mr. W. R. Brown, of Broadway Heights, met with a serious accident Saturday evening by falling upon a broken piece of China. A severe gash was made across her eye and Mrs. Miller and White who attended her think that she may possibly lose that organ. Yesterday little Helen was much improved, but nothing can be said as to the permanent effect.
